

Information on the Processing of Personal Data

Nova Center for University studies, Research & Development, Oskarshamn Municipality needs to process your personal data in order to organise the CET2026 event. The purpose of this processing is to manage and provide information before, during, and after CET2026 as well as CET2028.

The personal data has been provided by you. Throughout the processing, we comply with the applicable data protection regulations.

The Municipal Executive Committee of Oskarshamn is the data controller for this activity. If you have questions or wish to contact us, please write to:
cetconferenceoskarshamn@oskarshamn.se

You have the right to contact us if you would like information about the data we hold about you, or if you wish to request access, correction, deletion, restriction of processing, objection, or transfer of your personal data.

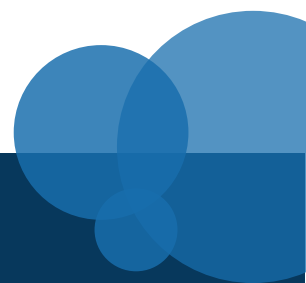

Our Data Protection Officer, Therese Jigsved can be reached at dataskydd@sydarkivera.se. If you have complaints regarding our processing of your personal data, you have the right to file a complaint with the supervisory authority, the Swedish Authority for Privacy Protection (IMY), at www.imy.se.

Onsite Participant at CET2026

Application

For the purpose of administration of the event your personal data will be processed when applying to participate in the event. The legal basis for processing of personal data is your consent. You have the right to withdraw your consent at any time.

Your information will be saved until the next CET-conferens is held and will thereafter be deleted. You will receive information about the next CET-conferens. Your data may be shared with another authority or a third party if we are legally required to do so. Nova Center for University studies, Research & Development, will not transfer your data to a country outside the EU.

Marketing

For the purpose of marketing the event image and audio recordings is carried out on the legal basis of public interest. If you do not wish to be processed for the purpose of marketing you can inform the photographer at the beginning of the event.

Once the case/activity is concluded, your personal data will either be retained or deleted in accordance with the law and the municipality's records management plan. Your data may be shared with another authority or a third party if we are legally required to do so. The marketing material will be spread through the konferens website, Facebook, Instagram and LinkedIn. Your personal data will therefore be transferred to a country outside the EU.

Online participant CET2026

For the purpose of providing the possibility to participate online in the event your personal data will be processed by The Royal Institute of Technology (KTH) and Nova Center for University studies.

Nova Center for University Studies will process personal data from the application for administration of the event and marketing of the next CET-conference. The legal basis for the processing is consent. You have the right to withdraw your consent at any time. Your information will be saved until the next CET-conferens is held and will thereafter be deleted. Your data may be shared with another authority or a third party if we are legally required to do so.

The Royal Institute of Technology (KTH) is data controller for the processing of the live-streaming through Zoom. Read more about the processing [here](#).
